UPDATE: April 29, 2020

EFFECTIVE IMMEDIATELY:

The Arenac County Building continues to be closed to the public due to the COVID-19 Pandemic until through at least May 12, 2020.

The latest information we have obtained is that Governor Whitmer should sign another executive order on Friday May 1, 2020 releasing the residential and commercial building sectors effective May 7, 2020.

The Building Department and Soil Erosion Sediment Control Office continues to observe normal hours of availability as I have worked remote. The best means of communication for the time being is e-mail to: permits@arenacountyymi.gov or leave voicemail as it is checked regularly. In-office hours may have an altered schedule as we re-evaluate the best protocol for compliance with face mask and social distancing rules within our building. Permit issuance will resume immediately with preference to those that have been on the wait list. Permits will be mailed to the applicant's address posted on the application. Inspections will also resume but with additional stipulations to keep staff, contractors and customers at lowest exposure risk possible. These steps will be discussed at the time of scheduling.

You are encouraged to use our website to obtain permit applications and email to the above and below-mentioned address. You are also encouraged to pay via our online payment system link on our webpage. Once an application has been submitted, the clerk will create an account number necessary for you to make payment. Paymentus, the processing company that provides this service does charge a convenience fee, of which we do not profit. Please consider this option as it is the fastest path to permit issuance. Permit applications are held for payment submittal.

Again, our e-mail address is: permits@arenacountyymi.gov or call 989-846-9791 option #1 with application submittal questions or for specific trades questions please feel free to contact our inspectors directly.

Building Inspector Larry Watson: 989-312-0800

Electrical Inspector Bruce Dean: 989-312-2275

Mechanical / Plumbing Inspector Larry Dantzer: 989-965-3515

Soil Erosion Certified Enforcing Agent Dale Zygiel: 989-313-1333

Sincerely,

Theresa Irving
