PERMIT TO CROSS OR PARALLEL A COUNTY DRAIN

The _____ Drain Drainage District, by and through
Steve Andrejewski, Arenac County Drain Commissioner, does hereby grant permission to
_____ Permittee), to occupy and use a portion of
the established right-of-way/easement for the _____ Drains, in
_____ Township, Arenac County, Michigan. This permit is issued for the
sole and only purpose of allowing Permittee the following use: _____
_____.

Proper Soil Erosion Control measures will be used during and after construction, which is to be located
and allowed as follows: _____

In consideration of the granting of this permit, Permittee does hereby agree to comply with all terms
and conditions set forth in this permit, together with the rules and regulations as established by the
Arenac County Drain Commissioner, a copy of which rules and regulations the Permittee has received
when applying for this permit, known as **"The Permit Requirements,"** and which the Permittee
acknowledged as having received.

ACKNOWLEDGEMENT AND AGREEMENT

The terms and conditions of this permit and attachments hereto are acknowledged by:

Permittee

Date

DATED: _____

WHEREFORE, this permit is granted this _____ day of _____, 20____.

Steve Andrejewski, Arenac County Drain Commissioner

SUPPLEMENTARY SPECIFICATIONS FOR CULVERT INSTALLATION

1. All soft sediment is to be removed from the ditch bottom prior to pipe placement. The pipe should be set on solid ground or upon stone.
2. All material used must be approved by this office.
3. No "Boiler Tubes" or tanks with the ends removed will be acceptable material for use as culverts.
4. Fill material should be firmly compacted in layers.
5. End slopes shall be constructed in such a manner as to prevent erosion. This may be done by building headwalls or by making seeded slopes no steeper than 2 horizontal to 1 vertical.

Further, this permit is subject to additional terms and conditions as follows:

PERMIT REQUIREMENTS TO CROSS OR PARALLEL A COUNTY DRAIN

In consideration of the granting of this permit, Permittee does hereby agree to comply with all terms and conditions as set forth in this permit, together with the rules and regulations as established by the Arenac County Drain Commissioner, a copy of which rules and regulations are as follows:

1. All utilities and/or facilities must be a minimum of four (4) feet below the established drain bottom when crossing or paralleling a county drain right-of-way.
2. Any structures removed, such as headwalls, wing walls, concrete slabs, rip rap, erosion protection, tiling and culverts (metal or concrete) must be replaced with new material and reconstructed to original condition, or better.
3. All ditch banks, when disturbed, must be reshaped to original slope, compacted, top-soiled and seeded, fertilized and mulched or hydro-seeded.
4. A minimum of seventy-two (72) hours' notice is required to the inspection department prior to any construction that will involve a county drain.
5. Equipment and materials may not be stored in any way so as to cause blockage of a county drain.
6. Permittee is responsible for maintaining all storm drainage during the time of construction, whether by use of pumping equipment or construction of a bypass system.
7. Prior to issuance of a permit, proof of Contractor's Liability Insurance must be filed with the Office of the Drain Commissioner, with the same insured, in compliance with the Arenac County Drain Commissioner's standards. Also indemnity insurance in the amount of \$1,000,000.00 is required.
8. This permit does not relieve applicant from meeting any application requirement of law or of other public bodies or agencies. Additionally, the issuance of this permit does not relieve the utility of any future expense for relocation of said utility to accommodate for future drain improvements.
9. Permittee shall be responsible for and pay all costs for engineering and inspection services incurred by the Arenac County Drain Commissioner in the review of the Permit Application and inspection of work performed hereunder. Payment to be made with thirty (30) days of invoice.
10. Other:

_____ as Permittee, further agrees, either to pay any increased cost to the Drainage District due to this utility occupying said drain, said cost to be determined as a separate bid item during construction or reconstruction, or if determined necessary by the Arenac County Drain Commissioner, the Utility Company occupying said drain right-of-way, shall relocate or lower if the location of the utility shall increase the cost of performing drain improvements or maintenance.

All expenses pertaining to said relocations shall be paid for by the owner of the utility company. Relocation shall be completed within ninety (90) days from receipt of written request by the Drain Commissioner.

Additional time may be granted by the Drain Commissioner if determined necessary.

Permittee does hereby acknowledge and agree, that in the event that the area of the right-of-way for which this permit is granted is necessary for future maintenance and operation of the _____ Drain, that Permittee, at its own expense, shall remove any and all conflicting facilities, structures, pipelines, cables and other appurtenances to said use in and during the time of the maintenance of said Drain. Upon request of the Drainage District said utility will be relocated within ninety (90) days from request.

Further, Permittee shall hold harmless and indemnify the Arenac County Drain Commissioner, the _____ Drain Drainage District, their employees, agents, or contractors from any injury to person or property sustained as a result of the placement of the uses specified herein.

Permittee shall supply the Office of the Drain Commissioner a copy or drawing of the planned crossing along with the Application for Permit.

Permittee agrees to use proper and approved Soil Erosion Control measures in any installation or crossing.

Further, this permit is subject to additional terms and conditions as follows:
