PLAN REVIEW REQUIRED

Plans must be submitted with an Application for Plan Examination and the appropriate deposit before a permit can be issued, except as listed below. (SEE BACK FOR FEE) Plans are not required for the following:

- One and two-family dwellings when the total building heating/cooling system input rating is 375,000 Btu's or less.
- Alterations and repair work determined by the mechanical official to be of a minor nature.
- Business, mercantile and storage buildings having HVAC equipment only, with one fire area and not more than 3,500 square feet.
- Work completed by a governmental subdivision or state agency costing less than \$15,000.00.

If work being performed is described above, check box below, "Plans Not Required."

What is the building size in square footage? _____ What is the input rating of the heating system in this building? _____

Plans are required for all other building types and shall be prepared by or under the direct supervision of an architect or engineer licensed pursuant to 1980 PA 299 and shall bear that architect's or engineer's seal and signature.

Plans Review Submission No. _____ or Plans Not Required ()

APPLICANT SIGNATURE: Section 23a of the State Construction code Act of 1972, 1972 PA 230, MCL 125.1523A, prohibits a person from conspiring to circumvent the licensing requirements of this state relating to persons who are to perform work on a residential building or a residential structure. Violators of Section 23a are subject to civil fines.

HOMEOWNER AFFIDAVIT: I hereby certify the plumbing work described on this permit application shall be installed by myself in my own home which I am living or about to occupy. All work shall be installed in accordance with the State Plumbing Code and shall not be enclosed, covered up or put into operation until it has been inspected and approved by the Arenac County Plumbing Inspector. I will cooperate with the Plumbing Inspector and assume the responsibility to arrange for necessary inspections.

X

Signature of Mechanical Contractor or Homeowner (Homeowner signature indicates compliance with Homeowner Affidavit)

COMPLETE APPLICATION ON REVERSE SIDE

Residential Heating System: This item is used for the installation of a heating system in a new residential structure. Gas Piping and Duct SHOULD NOT BE charged. Replacement systems should be itemized.

Residential Boiler: A residential boiler must be installed by a licensed mechanical contractor with a #1 classification.

Tanks: A homeowner must own tank to install. If homeowner does not own tank, a licensed mechanical contractor must install tank.

Fee Chart - Enter the number of items being installed, multiply by the unit price for total fee.

General: Plumbing work shall not be started until the application for the permit has been filed. All installation shall be in conformance with the Michigan Plumbing Code. No work shall be concealed until it has been inspected. When ready for an inspection, call the office providing as much advance notice as possible. The office will need the permit number and job location with address posted clearly visible from the road to avoid additional fees.

Expiration of Permit: A permit remains valid as long as work is progressing and inspections are requested and conducted. A permit shall become invalid if the authorized work is not commenced six months after issuance of the permit or if the authorized work is suspended or abandoned for a period of six months after the time of commencing the work. **A PERMIT WILL BE CLOSED WHEN NO INSPECTIONS ARE REQUESTED AND CONDUCTED WITHIN SIX MONTHS OF THE DATE OF ISSUANCE OR THE DATE OF A PREVIOUS INSPECTION. CLOSED PERMITS CANNOT BE REFUNDED OR REINSTATED.**

This office will not discriminate against any individual or group because of race, sex, religion, age, national origin, marital status, disabilities or political beliefs. If you need help with reading, writing, hearing, etc. under the Americans with Disabilities Act, you may make your needs known to this office.
